

Jaime Dominguez

Creative Web Developer **FLASH** + **PHP**

Portfolio: www.jaimedominguez.com
Email: contact@jaimedominguez.com
Telephone: 07957669622

What I do.

Interactive Apps, Flash Animation, Games, Database building

Main skills: ActionScript (AS2 & AS3), PHP, SQL

Also: HTML, CSS, ASP2.0, C, SDL, JS, VB 6.0

Other software I use.

Adobe Flash, Adobe Dreamweaver, Microsoft FrontPage, Sound Forge, Cool Edit, Adobe Audition, Adobe After Effects, Corel Photo-Paint, Ulead Studio

Considerations in my work.

I work with Object Orientated Programming in mind (OOP)

I always write code that's easy to maintain and find way to make it easy to reuse

I'm a member of the award-winning group FlashBrighton and regularly update my knowledge by attending conferences and events in the New Media community.

Recent projects.

Chief developer of [Electrofolio](#), an application that allows artists and photographers to produce sophisticated customisable online portfolios. A four year project building online software using Flash and PHP (ActionScript/PHP/XML/SQL/JS/HTML)

Recent freelance projects

- Eden Project – Flash app developed to show products, custom client messages and participate in a raffle in a fancy way with animated snow falling. (AS3, PHP)
- ILead – Portal with semi-customised CMS system. (PHP, HTML, CSS, XML)
- Triple Truth - I developed a whole engine for designers to create customisable e-cards with layers and mix them easily. This project had a real-time editor that could show all possible objects in a list and you could drag them to the card. You can personalise the texts position, colour, size etc. (AS 2, PHP)

- Conference resource – Micro-site using custom 3D effects that I created. (AS3)
- Francesca Martinez – Official Website for this British comedian. Initially, it had 3 versions: PHP, FLASH and accessibility Disabled people. (PHP, MySQL, HTML, AS 2)
- ICBCPD – High tech roofing company based in Bournemouth, wanted an Online/Offline and CMS custom made slideshow. (AS2, XML, ASP)

Permanent

2007 Feb to Aug, Futuremedia - Elearning Company based in Brighton. I worked there as Flash developer, improving their e-learning flash engine. Also I created documentation about it, increasing their productivity for future freelancers. (AS1, AS2)

Qualifications

2004 Degree (BSc equivalent) Technical, Computer Systems Administration

Institute of Calixto y Melibea, Santa Marta de Tormes, Salamanca, Spain.

2002 Ingenieer Bachiller (High school certificate /A level equivalent)

Instituto Río Cuerpo de Hombre, Béjar, Salamanca, Spain.

Thanks. Feel free to give me a ring on 07957669622 or email me on contact@jaimedominguez.com
